## **4 MONTHS WITH OUR SYRIAN REFUGEE FAMILY**

The Sibai family are now quite settled in Toronto learning their way around the city on the buses and subways, doing their banking, doctor and dentist visits, attending schools, visiting attractions and other family and improving their English at an impressive rate. Rabi passed his language test and got moved up to the level 5 English class. Thanks to Donna Davey for her weekly English classes with Marah whose English has also greatly improved. Rabi had his RESUME done. Zaid registered for school starting in September.

Below are some photos of their activities including the Welcome Event January 21,2017 that was attended by over 50 of you our supporters and sponsors.

Marah hosted the DAMES last Saturday with her sister-in-law Mona and niece Zeina for dinner at her apartment. She made a delicious Syrian meal.

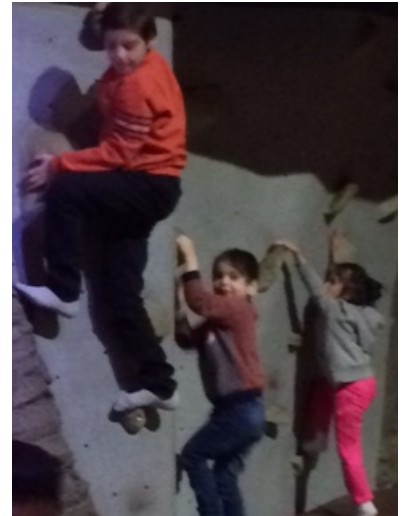

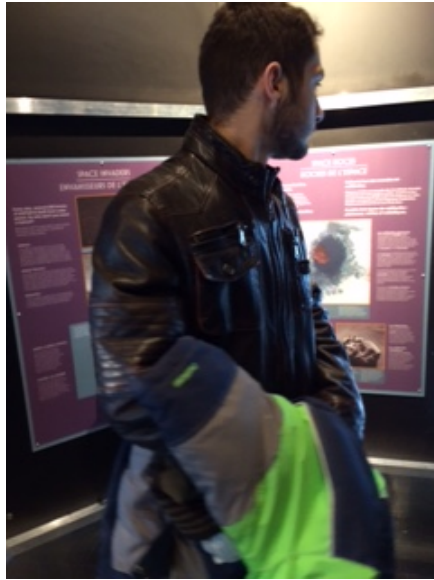

At the SCIENCE CENTRE March 19<sup>th</sup> hosted by Susan Sutton
